# RAMPAGE® & HAWK® MEAL BAIT

# & TOMCAT® RODENT BAIT STATIONS

## A POWERFUL COMBINATION

### RAMPAGE® & HAWK® MEAL BAIT

- A palatable mix of oats, seeds & grains that mimic a rodent's preferred food sources
- Versatile bait form can be used in rat burrows, inside a bait station or indoors when animals aren't present
- Excellent for clean out programs
- Available in a 50lb Bulk Box, 12lb or 25lb Pail

### TOMCAT® RODENT BAIT STATIONS

## DON'T GET CAUGHT WITHOUT THEM

- Bait stations are **required** by the EPA for ALL outdoor, above-ground applications
- Stations protect kids, pets, wildlife and non-targets from accessing the bait
- Tomcat tamper-resistant bait stations meet the EPA's standards for security and quality
- Stations keep bait fresher and more appealing to rodents, while making the bait last longer and saving money
