ENDANGERED SPECIES CONSIDERATIONS (Continued from other panel)

Giant Kangaroo Rat (*Dipodomys ingrens*). Follow the Interim Measures for protecting endangered species in the California Endangered Species Bulletin for the following California counties: Fresno, Kern, Kings, Merced, Monterey, San Benito, San Luis Obispo, Santa Barbara and Tulare (California).

To protect endangered kangaroo rats, use one of the modified stations (inverted "T" with "elbows" or platform stations) developed for this purpose in association with the California Department of Food and Agriculture and the California Department of Fish and Game. A publication on those stations is available at the website indicated above.

Tipton Kangaroo Rat (*Dipodomys nitratoides nitratoides*). Follow the Interim Measures for protecting endangered species in the California Endangered Species Bulletin for the following California counties: Kern, Kings and Tulare (California).

Fresno Kangaroo Rat (*Dipodomys nitratoides exilis*). Follow the Interim Measures for protecting endangered species in the California Endangered Species Bulletin for the following California counties: Fresno, Kern, Kings, Madera and Merced (California).

Stephen's Kangaroo Rat (*Dipodomys stephensi*). Follow the Interim Measures for protecting endangered species in the California Endangered Species Bulletin for the following California counties: San Bernardino, San Diego and Riverside (California).

Pygmy Rabbit (*Cynomys parviden*). Do not use this within one mile of alfalfa fields.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on this label.

IMPORTANT: Do not expose children, pets, or non-target animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and non-target wildlife.
3. Dispose of product container, and unused, spoiled and unconsumed bait as specified on the label.

USE RESTRICTIONS:

This product may only be used to control California Ground Squirrels (*Spermophilus beecheyi*) and Belding's Ground Squirrels (*Spermophilus beldingi*) at the following sites: vineyards, fruit tree orchards (stone and pome), nut tree orchards (only after harvest and during the dormant season), in rangeland and pastures and immediate borders of the listed use sites such as along the outsides of fence rows, rights-of-way, canal banks, ditch banks and levees. Do not graze livestock or plant food or feed crops while bait is present.

APPLICATION DIRECTIONS

HANDBAITING: Wearing gloves, scatter about one handful (2 oz.) of bait evenly over 40 to 50 square feet near active burrows or runways. Retreat every other day for 3 to 4 applications.

MECHANICAL BAITING: Use a mechanical seed spreader calibrated to evenly spread 2 oz. of bait to cover 40 to 50 square feet near active burrows or runways. Retreat every other day for 3 to 4 applications.
